Selected as *the No. 1 Customer
Satisfaction Brand Grand Prize!!*

MINT is a lifting thread product approved by Korean
Ministry of Food and Drug Safety for improving
facial wrinkles.

Name of the product for Approval : Facial tissue fixation thread

MINT™ Key Point

Three Special Specifications that are only unique to MINT

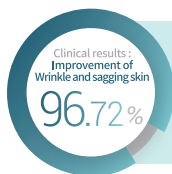

01

Approval of Korean Ministry of Food and Drugs Safety

MINT lift is a product approved for facial tissue fixation thread in 17 countries including the Ministry of Food and Drugs Safety in Korea based on clinical results.

Clinical results of 96.72% of 61 patients improved to less than -1 on the WSRS at 12 weeks after the procedure

1) MINT Clinical Study Report_V1.0_20140225

02

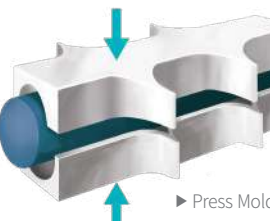

Strong Tensile | Fixing Force

MINT is a patented press molding Method, and proven excellent tensile and fixing strength.

► Strong Tensile Force

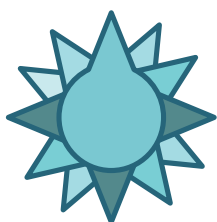

PRESS

► Press Molding Method

03

360° 3D Stereoscopic Cog

MINT has 360° helical cog distributed throughout the whole thread. It is strongly fixed to the skin tissue in all directions and has an excellent lifting effect.

Global brand considering safety and effectiveness,

MINTTM 2) 3) 4) 5) 7)
